

Using Oracle: Supplier Portal Address Change/Add

Quick Reference Guide

[GLOBAL BUSINESS TRANSFORMATION](#)

August 4, 2020

Purpose: The purpose of this document is to provide Suppliers training on the process for changing an address within the supplier portal.

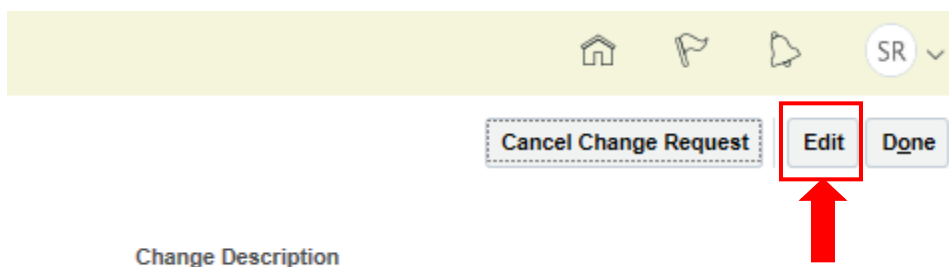

1. Log into Oracle and as a supplier and select **Supplier Portal**.

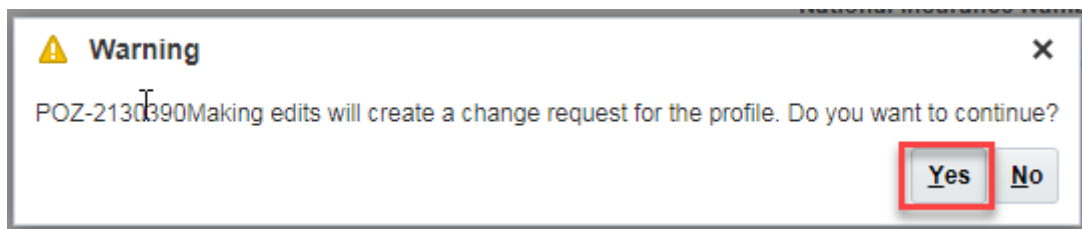

2. Select **Manage Profile** under Company Profile section.

3. Select **Edit** in the top right of the page.

- A warning box will appear reading “Making edits will create a change request for the profile”. Do you want to continue? **Select Yes.**

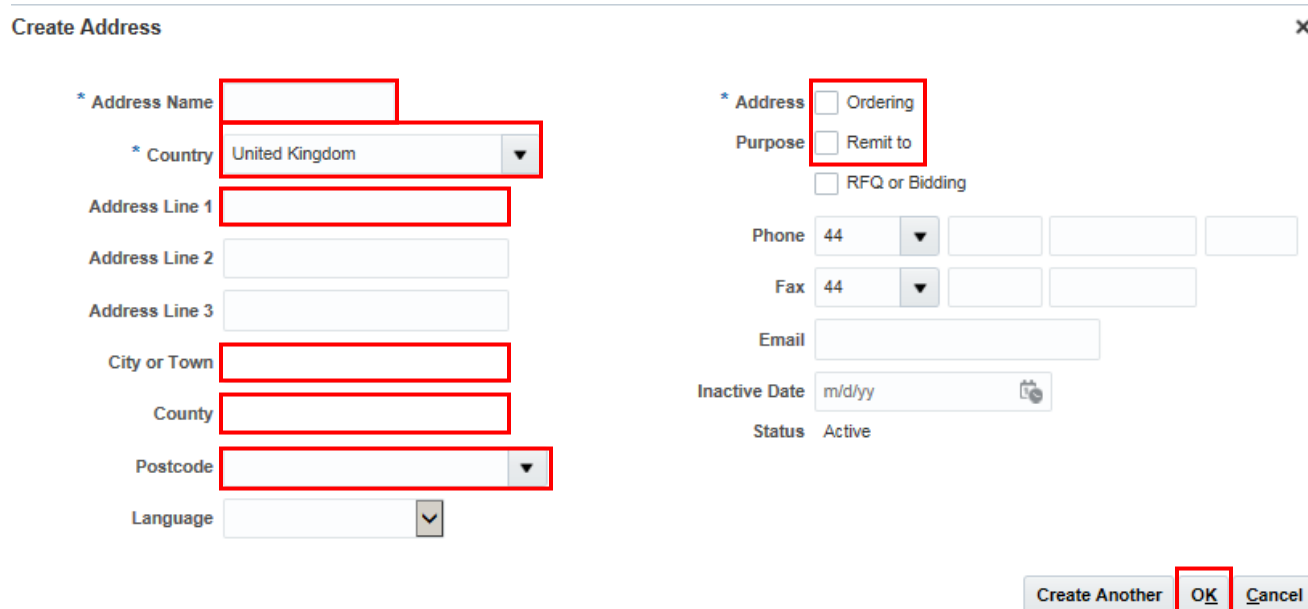

- Select the **Addresses** tab then select the '+' sign icon.

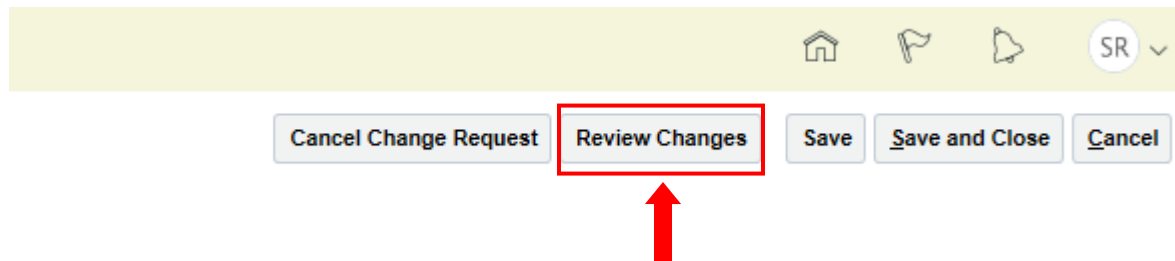

Note: Addresses should never be edited. If an address change is required, add a new address and inactivate the existing address.

- Under **Create Address** Enter: Address Name (required field but may be updated to align with internal naming conventions), Country, Address Line 1, City, County, State, Postal Code. Select Ordering and / or Remit To Boxes for Address Purposes, then select “OK”.

A screenshot of the "Create Address" form. The form contains several fields: Address Name, Country (set to United Kingdom), Address Line 1, Address Line 2, Address Line 3, City or Town, County, Postcode, and Language. On the right side, there are checkboxes for Address Purpose: Ordering, Remit to, and RFQ or Bidding. There are also fields for Phone, Fax, Email, Inactive Date, and Status (set to Active). At the bottom right, there are three buttons: "Create Another", "OK", and "Cancel". The "OK" button is highlighted with a red box and a red arrow pointing to it.

7. Select **Review Changes** in top right.

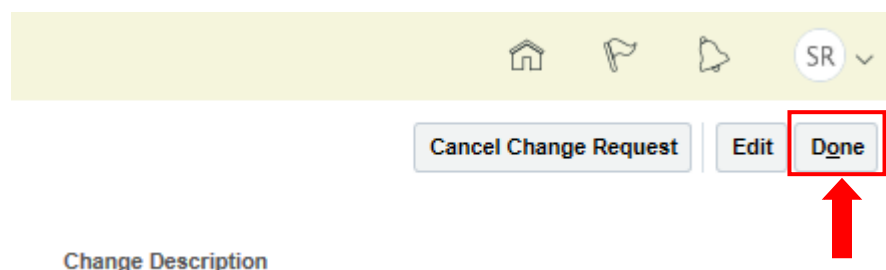

8. Select **Submit** in the top right.

9. A confirmation box will appear select **OK**.

10. Select **Done**.
